

Tariff Quotas for Products under Category TQ

1. Thailand shall allow the importation of the following products with:
 - (i) a phased elimination of the customs duty; and
 - (ii) a phased increase in the quantities allowed to be imported at the specified rate

so that the customs duty and any quantitative restrictions are eliminated in accordance with the table.

2. Any quantity of the specified products imported from Australia by Thailand under the WTO Agreement or any other arrangement implemented by Thailand shall not be counted toward any quantity specified in the table.
3. Notwithstanding the in-quota tariff rates specified in the table, the in-quota tariff rate applied by Thailand at any time under the Agreement shall be no higher than the in-quota rate applied at that time under the WTO Agreement.
4. “W” means 10% lower than the out of quota rate applied by Thailand for the product under the WTO Agreement.
5. All quantities specified are in tonnes.
