Remarks: The rationale behind the enactment of this Act is that the components of the National Energy Policy Council under the National Energy Policy Council Act, B.E. 2535 (1992), still lack certain key agencies which will help recommend the policy formulation guidelines and forge ahead with the translation of the policy into practice. In addition, according to the Act on Organization of the Ministries, Sub-ministries and Departments, B.E. 2545 (2002), and the Royal Decree on Transfer of Administrative Work and Powers and Duties of the Government Agencies under the Act on Organization of the Ministries, Sub-ministries and Departments, B.E. 2545, B.E. 2545 (2002), it is stipulated that the Energy Policy and Planning Office be transferred to be under the Ministry of Energy, thus no longer reporting directly to the Prime Minister. Hence, it is deemed appropriate to revise the components of the National Energy Policy Council and amend the commanding line of the Director-General of the Energy Policy and Planning Office and to terminate the post of Vice Director-General of the Energy Policy and Planning Office so as to correspond and fit in with the present situation. It is, therefore, essential to enact this Act.
