

ROYAL DECREE

**For enforcement of the provisions under Chapter 1, Chapter 2, Chapter 3 and Chapter 5 of the
Animal Epidemics Act B.E. 2499 (1956) in ducks and geese
B.E. 2547 (2004)**

BHUMIBOL ADULYADEJ P.R.

Given on the 26th of November B.E. 2539 (1996)

Being the 51st year of the Present Reign

By Royal Command of His Majesty King Bhumibol Adulyadej, it is hereby proclaimed that
Whereas it is proper to enforce the provisions under Chapter 1, Chapter 2, Chapter 3 and Chapter 5 of the
Animal Epidemics Act B.E. 2499 (1956) in ducks and geese,

Empowered by Section 178 of the Constitution of the Kingdom of Thailand and revision No. 5 B.E. 2538
(1995) as well as by Section 6 of the Animal Epidemic Act B.E. 2499 (1956), His Majesty the King, is
graciously pleased to enact a Decree as follows:

SECTION 1. This Royal Decree shall be called the " Royal Decree for enforcement of the provisions
under Chapter 1, Chapter 2, Chapter 3 and Chapter 5 of the Animal Epidemics Act B.E. 2499 (1956) in
ducks and geese, B.E. 2539 (1996)".

SECTION 2. This Royal Decree shall come into force the day after its publication in the Government
Gazette.

SECTION 3. The Royal Decree for enforcement of the provisions under Chapter 1, Chapter 2 and
Chapter 3 of the Animal Epidemics Act B.E. 2499 (1956) in ducks and geese, B.E. 2520 (1977), is
repealed.

SECTION 4. Enforce the provisions under Chapter 1, Chapter 2, Chapter 3 and Chapter 5 of the
Animal Epidemics Act B.E. 2499 (1956) in ducks, geese and their eggs for fertilization.

SECTION 5 Minister of Agriculture and Cooperatives is in charge for this Royal Decree.

Countersigned by:

Banhnan Silpaarcha

Prime Minister

Remarks:- The reasons behind the promulgation of this Royal Decree: Due to the Royal Decree for enforcement of the
provisions under Chapter 1, Chapter 2 and Chapter 3 of the Animal Epidemics Act B.E. 2499 (1956) in ducks and geese,
B.E. 2520 (1977) did not empower Chapter 5 of the said decree into force. Though in practice, when there is an outbreak
of animal epidemic the veterinarians need to employ the provisions under Chapter 5 to enforce in ducks and geese, either
in case they are diseased or carrier. Thus it is considered appropriate to use the provisions under Chapter 5 of the said
decree to enforce in ducks, geese and their eggs for fertilization. Whereas section 6 of the Animal Epidemics Act B.E.
2499 (1956) stipulates that the enforcement of provisions requires a Decree, it is necessary to enact this Royal Decree.
